

Trainers notes on delivering an inclusive communication training session

The following slides and notes will provide you with information to deliver an introduction to inclusive communication training session. Depending on the size of your training group this can be between 2-3 hours allowing for breaks.

For good inclusive communication practice you should have on your booking form an opportunity for course participants to put any communication support need that is required for the training. This may include for course materials to be printed on alternative formats or slides to be sent in advance to an individual. You may wish to use a pre course questionnaire. (see example template)

For the training you should have an agenda and you can make one in Easy Read. (see example)

Materials

Communication Barriers Exercise

Flipchart Stand

Projector

Laptop

BSL fingerspelling alphabet and BSL signs

Other inclusive communication resources handouts
